“The site with Ignify eCommerce is much more fan-friendly than the previous site. The new site has much easier navigation—it’s more like what you see on larger e-commerce sites like Amazon.”

Ignify eCommerce allows company Managers to run various reports to identify eCommerce Sales Statistics and Performance.

Enables Managers to run Sales reports by Item or Category. Gross Sales, Sales by Salesperson or Sales by promotions.

Provides top contributors based on quantitative and monetary values for both Items, Categories or Customers.

Provides analytic reporting.

Provides Credit Card Reports.

Provides site traffic and analytics via Google Analytics.

All reports can be export to the format required and can also be triggered to be automatically emailed to pre defined email addresses.

Sales Reports

Sales reports by Item and Category

Managers can run reports to view sales by Items and by Categories to see how items are doing on website and also helps them decide on changes for the future. Managers can drill down to reports based on Item, Category, Date Range and Order Status.
